exploring simple alternatives to smartphones

HAPPENING NOW!
PARISH LIFE CENTER

Check out the interactive showcase featuring safer alternatives to the smartphone.

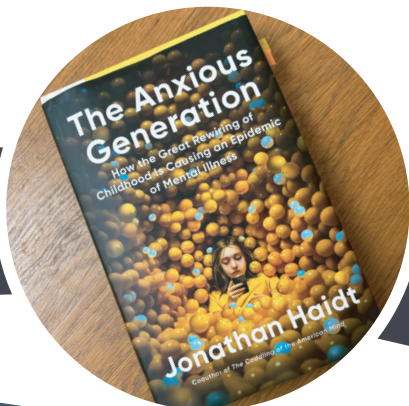

The displayed devices are not flip phones. They are sophisticated, intuitive phones and watches that can be customized to support your parenting goals and preferences. **THEY LOOK JUST LIKE A REAL SMARTPHONE!**

These devices can:

- Alert you to cyberbullying, sexting, self-harm, predators, etc.
- Leverage AI for a kid-friendly web browsing experience
- Block incoming/outgoing explicit photos/videos
- Let kids watch the YouTube channels you select – no ads, comments, or suggested videos
- Stream music without explicit content
